Climate change

Climate change

- This has been in the news a great deal lately, in part because a 15 Year old girl, Greta Thunberg, spoke at Climate Change Summit in Poland
- She called out world leaders for their inaction on climate change
- <https://www.cnbc.com/2018/12/17/teen-tells-climate-negotiators-they-arent-mature-enough.html>

So how good are you?

- How much waste do you create?
- Do you make choices that are environmentally aware?
- One journalist tries live "zero waste" for a week...
- <https://www.cnbc.com/2018/12/17/teen-tells-climate-negotiators-they-arent-mature-enough.html>
- Could you do it?

The background features a dark green top section with a repeating pattern of overlapping triangles. A wide, bright yellow band with a fine, woven texture runs horizontally across the middle. The bottom section is a solid dark green color.
